First of all, I want to thank all of you for allowing me to serve as one of your representatives on the Kauai County Council. It has been an honor and privilege to serve you during this past term. It was an educational and exciting time for me.

I feel that we got a lot done this past term, however there is much more to be done. I want to continue serving on the Kauai County Council, and with your help, we can keep up the fight on drugs, County Efficiency and Accountability, and all of the other issues that we face daily. Hopefully I have shown the people of Kauai that I am willing and able to face the tough issues. Please allow me to continue the fight.
